

Self Help, Inc.
NORTHERN NM

Giving Neighbors a Hand Since 1969

2024 Impact Report

Vision

A northern New Mexico where basic needs are met and communities thrive.

Mission

To provide support and services as a bridge to self-reliance for people in northern New Mexico.

Key Impact Metrics

Households Helped	Funds Distributed	Individuals Impacted	SEED Grant Funds Distributed	Volunteer Hours	Referrals Made
644	\$125,188	1,695	\$2,669	750	1,017

What We Accomplished Together

When a disabled woman who had been unhoused for eight months finally received a call to move into low-income housing, we paid her security deposit so she could move into her new home.

When a man in a college work-study program received an eviction notice, we secured emergency rental assistance from a statewide partner to give him months of relief so he could stay in school.

When a woman raising four grandkids needed to fix her furnace, she fell behind on her electric bill and got a disconnect notice. We helped her catch up so she could start a payment plan.

When an elderly woman on a fixed income unexpectedly became a caregiver and fell behind on her expenses, we secured a grant to replace an old water heater so she could keep up with her utility bills.

I was relieved from my electricity not being turned off. I was stressing and worried. Your organization provided me with immediate assistance. Thank you! I will always remember your help.
Rio Arriba County Client

I am grateful that caring citizens of Los Alamos have created and continue to support this program to help people like me who need help to get past a temporary problem with their financial circumstances. It is a wonderful and good work you are doing!
